Wetrok wetco san

Sanitary maintenance cleaner

Benefits:

Certified environmentally friendly sanitary maintenance cleaner (Nordic Ecolabel).

For daily limescale removal.

Ideal area of application: Areas with low and moderate water hardness.

Can be foamed by hand.

Application:

For maintenance cleaning of washable and acid-resistant surfaces and equipment (sanitary porcelain, fittings, ceramic tiles, bathrooms, showers, washrooms and WCs, etc.).

Please note:

Wetrok wetco san is not suitable for acid-sensitive surfaces (limestone, marble, clinker, aluminium, etc.). The exterior of the sanitary fitting must not be warm when cleaning.

Properties:

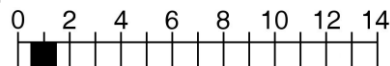

Highly acidic

Non-perfumed

High-lather

Dyed red

pH value of concentrate:

Recommended dosage (in cold water):

Maintenance cleaning
0.1 l – 0.2 l/10 l

Foaming by hand
1 l/10 l

Important ingredients:

Surfactants, acids, fragrance, colouring

Storage/shelf life:

Store in original container in a cool, well-ventilated place.

Protect from frost. Keep container closed when not in use.

Shelf life (unopened): 24 months.

Recommended application methods:

Wet wiping (by hand)

Wash the dirty surface with cleaning solution, soak if necessary. Rub the surface clean using a suitable handpad or brush. Use a cloth to soak up the waste water. Where necessary, dry the work surface with a clean cloth. Rinse the cleaned surface with clear, cold water and wipe dry as needed.

Damp wiping (with foam)

Apply the cleaning foam in an "X" form on a folded cloth, then damp wipe the surface (using the fold technique). Rinse the cleaned surface with clear, cold water and wipe dry as needed.
