

Kiilto Pro Green Textile

Non-perfumed textile washing powder

Effective, environmentally friendly washing powder. Suitable for washing coloured textiles and microfibre.

Application

Kiilto Pro Green Textile is a concentrated textile washing powder for cleaning textiles including microfiber and colored textiles. Washing temperature 30-95°C. Effective washing of textiles of all degrees of soiling at 40 – 60 °C.

Product properties

Selected washing powder compounds guarantee optimal washing effectiveness in all water temperatures. Easily rinsed off from textiles. The product contains a color protection that keeps the colors of the textiles bright and prevents colors to move from textile to other.

The proportion of plant-based materials has been added. Free from zeolite, perfume, optical brighteners and bleaching agents. Kiilto Pro Green Textile is Nordic Swan labeled and Vegan marked.

Instructions for use

Follow the washing instructions on the textiles. Sort the laundry by color, fiber and type of dirt. Dose Kiilto Pro Green Textile according to water hardness into the detergent compartment or use dosing ball. For the pre-wash dose detergent into the detergent compartment. When washing cleaning textiles, use only half of the recommended dose of washing powder. For sensitive materials such as wool and silk, we recommend liquid Kiilto Pro Care Liquid Textile detergent.

Water hardness, °dH	Slightly soiled	Medium soiled	Very soiled
	ml/kg	ml/kg	ml/kg
< 6	6-10	10-13	13-17
6-13	11-15	15-18	19-23
> 13	17-21	20-24	25-29

Note

4 kg	8 kg	20 kg
Amount of washes:		
Soft water 85	Soft water 170	Soft water 425
Middle hard water 62	Middle hard water 125	Middle hard water 312

Composition	Ingredient	Effect
	Soap	< 5 % Soil removal and defoaming
	Anionic surfactants	< 5 % Particular soil removal
	Polycarboxylate	< 5 % Prevents redeposition of soil on the fabric
	Phosphonates	< 5 % Binds agents related to water hardness
	Non-ionic surfactants	5-15 % Greasy soil removal
	Phosphates	15-30 % Binds agents related to water hardness

Other composition Enzymes, CMC, PVP, silicates

Solution pH 10.5 alkaline

Density 950 g/l, 100 ml = 95 g

Storage Store closed in a dry space.

Appearance and scent White powder, non-perfumed

Country of manufacture FINLAND

User and environmental safety The package is recyclable. Dense composition decreases environmental burden, the need for packaging material and energy consumption. Eco-labelled.
