

# Kiilto Pro Silk All

## Semi gloss floor polish

Kiilto Silk polishes have been developed for Nordic conditions. Polishes are produced in Finland. Kiilto Silk polishes are durable, easy to use and care for, and safe for the users.

<b>Application</b>	Floor polish for polishing and re-coating all floor surfaces that can be polished.
<b>Product properties</b>	Easy to apply floor polish that does not make the floor slippery. When dry, leaves a semi glossy surface. With the number of coats, the degree of gloss can be adjusted. Kiilto Silk All has an excellent durability and floors treated with it are easy to maintain. The product has a high chemical and hand sanitizer resistance.
<b>Instructions for use</b>	<p>Apply polish on clean and dry floor. Dose directly on the floor or to the equipment used in the application and spread evenly. Apply 1–3 coats depending on how worn out the floor is and the level of future use. Let dry at least 30 minutes between each coating.</p> <p>Re-coating is done on Kiilto Silk polish. Clean the floor surface with Kiilto Pinta or Kiilto 10 Universum and apply a single coat on dry surface.</p> <p>In maintenance cleaning, clean manually or mechanically with Kiilto Vieno or Kiilto 10 Universum. In addition to all purpose cleaners, it is recommended to use maintenance cleaners, such as Kiilto Illusia 10 or Kiilto Pollycare.</p> <p>Consumption 80–120 m<sup>2</sup> / l, depending on how worn out the floor is and how the product is spread. The polish usually dries approx. in 30 minutes. Recommended working conditions: temperature 18–24 °C, relative humidity 40–70 %.</p>
<b>Note</b>	The product freezes.
<b>Product pH</b>	8.5 weakly alkaline
<b>Storage</b>	Store in warm place.
<b>Appearance and scent</b>	White, unscented liquid.
<b>Country of manufacture</b>	FINLAND
<b>User and environmental safety</b>	Avoid unnecessary contact with skin. In continuous use, protective gloves are recommended. In case of contact with eyes, rinse immediately with plenty of water and seek medical advice if needed.
