

Kiilto Pro Forte

All Purpose Cleaner

4026 0036

Application

For effectively cleaning dishes, cooking devices, surfaces and floors. Suitable for e.g. pots, combi ovens, and aluminium dishes. Can also be used in a scrubber drier. Intended for professional use.

Product properties

Maintaining a high level of cleanliness is paramount in a professional kitchen. Kiilto Pro Forte is a versatile cleaner for effectively cleaning all surfaces in the kitchen. It's suitable for cleaning floors, hand washing dishes or pots, cleansing cooking devices, and general surface cleaning. While versatile, Kiilto Pro Forte is also highly effective.

By choosing a product from the Kiilto Pro Natura range, you can trust that the entire supply chain from raw materials to manufacturing, usage of the product and disposal of the packaging, has been carefully considered to be as environmentally responsible as possible. Within one package, numerous sustainable choices are materialized.

Instructions for use

Used according to the application's instructions for proper use.

Hand dishwashing and washing of aluminium dishes: When washing dishes or cooking bowls by hand, dose 1-5 ml of Kiilto Pro Forte per 1 l of water. Clean and rinse.

Pots: Apply Kiilto Pro Forte by hand or by spraying undiluted on the surface to be cleaned (use sprayer pistol 63028). Also sticks to vertical surfaces. Let it work for 10-15 minutes. Extended contact time increases its effectiveness. Clean and rinse the pot.

Kitchen surfaces: Dose 1-5 ml of Kiilto Pro Forte per 1 l of water. With the same dosing, Kiilto Pro Forte can also be used for water resistant surfaces outside of cooking devices.

Floors: Dose 1-5 ml of Kiilto Pro Forte per 1 l of water. Use a dispenser for dosing. Suitable for use in a scrubber drier or a spray cleaning unit.

Use a dosing device, pump or meter for dosing.

Note

Also suitable for aluminium dishes.

Composition

Ingredient	Effect
Non-ionic surfactants 15 - 30 %	Reduces surface tension. Dissolve and emulsify grease dirt.

Product pH

10.0 weakly alkaline

Solution pH	9.5 weakly alkaline
Storage	Must be stored at temperatures above 5 °C. Effective shelf life 5 years.
Appearance and scent	Dark coloured, non-perfumed
Country of manufacture	FINLAND
User and environmental safety	<p>Kiilto Pro Forte is a part of Kiilto Pro Natura product family. Natura products contain raw materials that are plant-based, renewable and produced in accordance with sustainable development. The biobased biodegradable ingredients readily break down in wastewater treatment. Kiilto Pro Natura is a step towards future detergents!</p> <p>Kiilto Pro Forte is also Nordic Swan labelled. It is a clear, unbiased indication of the product's environmental friendliness and minimal climate impact for its entire life cycle. The label signifies that the substances contained in the product have as little impact on the environment as possible.</p> <p>The packaging contains recycled plastic: the 1 l bottle is 100 % recycled (rHDPE) and the 5 l canister is 35 % recycled (rHDPE). Caps used are not made of recycled materials. The packaging can also be further recycled after use: we recommend that empty rinsed containers are recycled and reused as material. They can also be reused for energy. The transport packages are recyclable.</p>
