

# Kiilto Oxy Wash

Booster

Washing booster powder for hygienic textile washing. Leaves textiles fresh and hygienic.

## Application

For washing coloured and white textiles in subjects requiring higher than average hygiene. Can also be used for difficult stain removal. Also suitable for wool and microfibers.

## Product properties

Excellent in neutralizing odours. Removes stains well and bleaches for example coloured stains. Effective even in low temperatures. Higher temperatures enhance the bleaching effect (+60 °C). Also suitable for soaking. Can be used for washing clothes with reflective fabric. Suitable also for wool and microfibers.

## Instructions for use

Use together with ordinary washing powder or liquid in order to achieve a perfect result.

Dose the powders into a detergent compartment. When using a washing liquid, dose the liquid in a dosing ball into the laundry machine.

Dose the main washing powder or liquid half of the amount instructed.

Dose Kiilto Oxy Wash always according to the table below regardless of the level of dirtiness of the laundry or the water hardness.

For wool a smaller dosage is recommended, 50 ml / 6-8 kg of laundry in a washing temperature of 40 °C.

### Machine size 6-8 kg

Temperature of washing program	Dosage
40 °C	80 ml
60 °C	50 ml

## Note

Ask more details about laundry self-control service from your local specialist.

## Composition

Ingredient		Effect
Oxygen based bleach (sodium percarbonate)	>30 %	Bleaches and leaves the laundry hygienic.
